

April's Value

Our value of the month is:

Trust

What does Trust mean?

Trust is the belief that someone or something is reliable, good, honest, effective and much more!

For example:

You put your trust in the staff at school every day because we look after you and ensure that you are safe and have the best environment to learn in.

Activities for Trust:

- Create your own poster for the value Trust. You could include who you trust and why, what trust means and pictures. Get creative!
- Talk with your family about what trust means, talk about who you trust and why.
- Create your own definition for the word 'Trust'.

Add your work to Purple Mash to show your Teachers and friends.
