

English

In English we will be writing to persuade. Our focus book is 'Cloud tea Monkeys.' Children will learn a range of different skills such as expanded noun phrases, fronted adverbials, rhetorical questions, imperative verbs as well as persuasive sentence starters. They will be writing an advertisement for their own chocolate tea. Children will also be writing a persuasive letter to Mrs Swanson, persuading her to allow them to go to Cadbury world!

Computing

This term we will be focussing on computer science. Within this unit we will be looking at identifying different misconceptions within algorithms as well as creating their own algorithms. Children will also be looking at the complex nature of debugging an algorithm and correcting them.

Art/Design

In Art and DT we will be looking at the work of Roy Lichtenstein and pop art to create images of superheroes.

Science

In science we will be learning all about sound. Children will learn different ways of suggesting sound and how it is related to vibrations. Children will investigate the change of pitch and volume of a sound. Children will be conducting their own sound experiments, looking at the different materials that affect the volume of sound.

Topic

This term, we will be looking at understanding geographical similarities and differences through the study of human and physical geographical of a region of the UK. Children will be looking at how, when, and where chocolate was made through looking at the different variations of the Cocoa bean in North and South America.

PE

In PE, children will learn a variety of skills that are used to perform a tennis match. Children will learn different serves as well as the different positions that are required to serve a tennis ball. Children will learn a range of different tactics within a tennis game.

Languages

This term, the children will be learning parts of the body and the names of animals in their French lessons.

Maths

In maths, we will be looking at time. Children will learn how to read time on a 24 hour clock and then, will be converting analogue to digital time as well as learning how many days there are in a week, month and year. As well as this, we will be looking at different types of money. This will focus on different amounts of money.

S.M.S.C

In jigsaw we will be looking at different types of relationships. We will focus on understanding g feelings when we lose someone and who we can speak to. We will encourage children to express their feelings.

Music

In music, we will be focusing on how images can be created with music. We will be listening to different genres of music and discussing what images we can create with these and how they make us feel. As well as composing running music for a running competition which will be shared with the rest of year 4.

RE

Our key question this term is what we can learn about different religions and discuss what is right and what is wrong. We will also discuss what the differences are between different religions as well as looking at the Ten Commandments.
