

English

In English we will be writing to inform. Our book, 'Leon and the place in between' will be our book that we will be focusing on. We will revisit all of the year 4 skills we have learnt over the last year including, fronted adverbials, expanded noun phrases, subordinate and relative clauses for additional detail. Children will write various pieces informative texts such as an explanation text and a letter. We will look more closely and consolidating commas after fronted adverbials and commas in between clauses.

Computing

This term we will be focussing on 'Computer Science.' Within this unit, children will learn how to communicate through an online video call. As well as this, children will learn how the World Wide Web is used differently around the world. We will also have another online safety focus for the term.

Art/Design

In Art and DT we will be looking at the work of Roy Lichtenstein and pop art to create images of superheroes.

Science

We will be doing Electricity this term! Children will look closely at every day electrical appliances and identify what ones they use in their own homes. We will be looking at simple circuits and constructing these ourselves and challenging ourselves further by including buzzers. We will also look at different conductors of electricity.

Topic

This term, we will be looking at understanding geographical similarities and differences through the study of human and physical geographical of a region of the UK. We will be looking and longitude and latitude. Towards the end of the school year, we will be looking at some famous explorers that travelled some of the most famous landmarks!

PE

This term we have Sports Day! Within our PE sessions we will prepare the children for some of the activities such as relays, where children will learn different techniques that they will need to complete the relays as well as javelin and long jump.

Languages

This term, the children will be learning parts of the body and the names of animals in their French lessons.

Maths

In maths, we will be looking at money statistics, such as pictograms, bar and line graphs. Children will create collect their own data and make this into a bar graph. In the second half of the last term, we will be looking at different types of angle such as obtuse and acute angles as well as looking at different types of quadrilaterals.

S.M.S.C

In jigsaw we will be looking at healthy me. We will focus on children identifying that they are unique and that not everyone is the same. Children will also discuss that having a baby is a personal choice as well as discussing changes that can happen in life.

Music

In music, we will be focusing on how images can be created with music. We will be listening to different genres of music and discussing what images we can create with these and how they make us feel. As well as composing running music for a running competition which will be shared with the rest of year 4.

RE

Year 4 will be looking at Hinduism. This term we will look more closely at the influence of Ghandi as what he stood for alongside our own life journeys and the steps we plan to take in order to get there. Children will be looking at what is important in a Hindu life such as 'the dharma.'
